

My husband and I have had the pleasure of knowing Joyce Elia for over 15 years. We share a great joy of pets and I have personally met some of Joyce's personal pets over the years. It was apparent to us that Joyce takes pet care & ownership very seriously.

We have a very high standard of care for our pets. You could say they are spoiled! We moved to Maui from Malibu, CA 15 years ago. For many years we tried several Pet Sitters. We came home to a messy home, dead plants and very unhappy pets. When Joyce and her husband were visiting Maui I asked she and her husband to come to our home. Immediately our beloved dog (age 13) was happy and they can tell when someone is caring! I asked if they would consider coming to Maui and caring for our dog and also our home.

Over the next few years Joyce would travel here and care for our dog, home and yard plants while we traveled. She came to care for our dog up to 2 months. We came home and our dog was Happy and Healthy and our Home in Perfect Condition.

Over the past few years Joyce has come to Maui to care for our cat. Again, superlative care and we had nothing to ever be concerned with. I left detailed directions for our cat and home and everything was followed to each detail. Joyce is well worth the additional cost to bring her to Maui. If I lived closer of course, there would be no other choice. We have needed to travel for health reasons several times and it was stressful. But we had NO concerns or worries about our pets or home and everything was always in EXCEPTIONAL order upon our return.

There is no better choice than Joyce & Angela for Pet Care. They provide a beautiful, loving environment. We cannot say enough how wonderful they are as people who are trustworthy, caring and respectful.
